Three Tiers of careers

Tier 1: Employment Sector

Tier 2: Career Type

Tier 3: Job Function

TIER 1: EMPLOYMENT SECTOR

Academia
Government
For-Profit
Nonprofit
Other

TIER 2: CAREER TYPE

Primarily Research
Primarily Teaching
Science-related
Not-related to science
Further training or education

TIER 3: JOB FUNCTION

Administration
Business Development, Consulting, and Strategic Alliances
Clinical Research Management
Clinical Services
Data Science, Analytics, and Software Engineering
Entrepreneurship
Faculty: non tenure track
Faculty: tenured/tenure track
Faculty: track unclear or not applicable
Full-time Teaching Staff/Instructor
Group Leader (research)
Healthcare Provider
Intellectual Property and Law
Part-time Teaching Staff/Adjunct
Postdoctoral Research
Regulatory Affairs
Research Staff or Technical Director
Sales and Marketing
Science Education and Outreach
Science Policy and Government Affairs
Science Writing and Communication
Technical Support and Product Development
Completing further education or training
Other
Deceased/retired

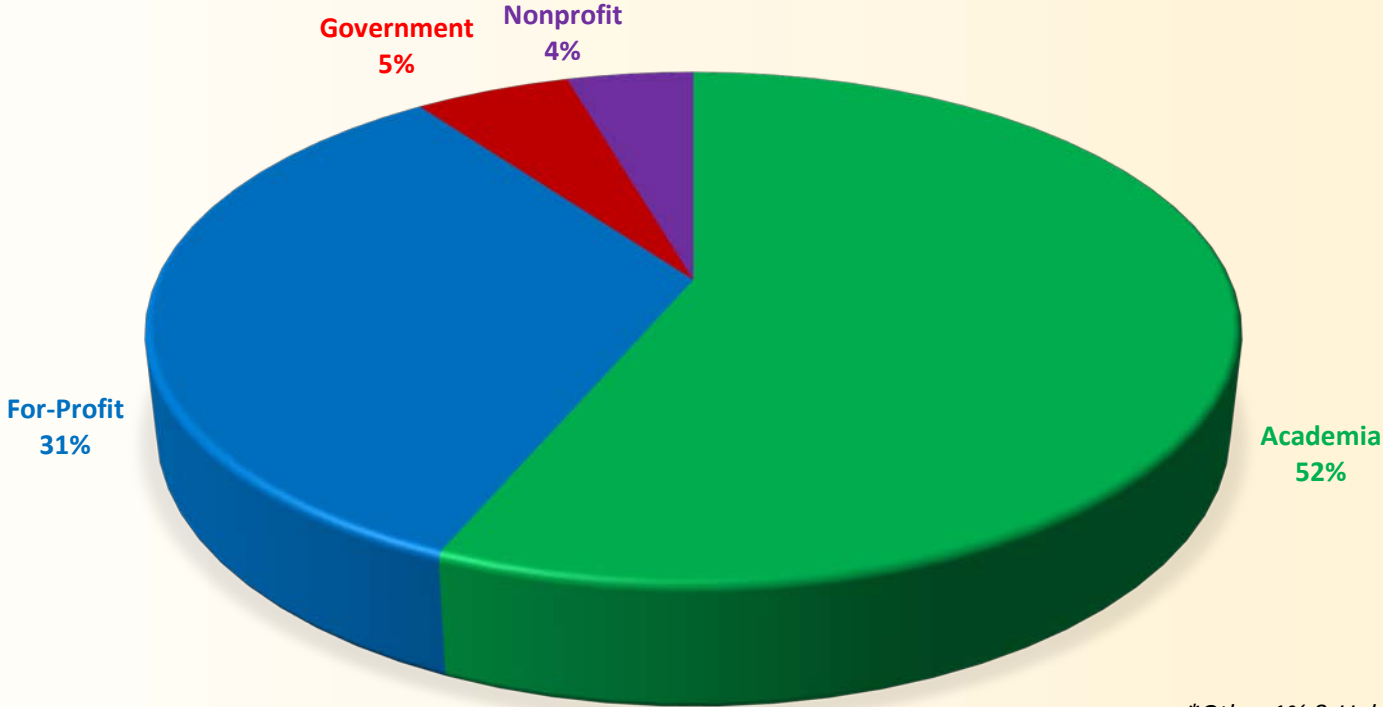

Wayne State University

15 Year Biomedical alumni data

Biomedical PhD Career Outcomes – Tier 1 Employment Sector (Total N=950) N=870*

*Other 1% & Unknown 8%

Biomedical PhD Career Outcomes – Tier 2 Career Type (Total N=950) N=870*

*Unknown 8%

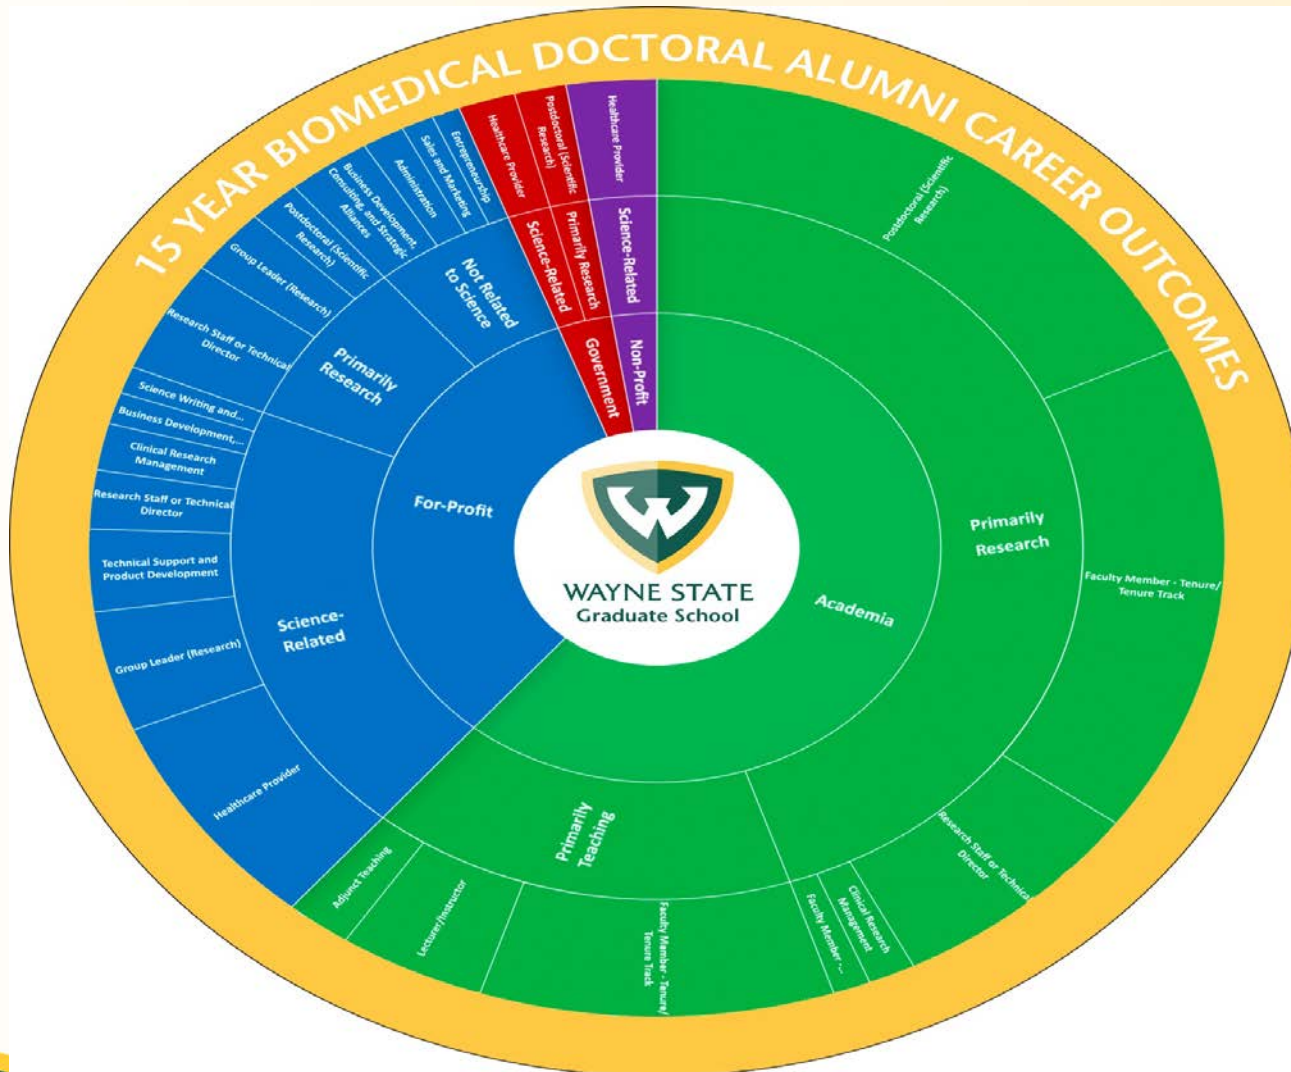

Biomedical PhD Career Outcomes – Tier 3 Job Functions (Total N=950) N=870*

Biomedical PhD Career Outcomes Composite of Three Tiers (Total N=950)

N=870*

Unknown 8%

Estimated Starting Salaries for PhD Career Options

Career Track	Position	Entry Point	Estimated Starting Salary Range
Academic	Tenure-track assistant professor	Typically after completing 1 (or more) postdoctoral appointment	\$70-80K
Academic	Technology Transfer	After completing PhD	\$55-65K

For Profit	Medical Science Liaison	After completing PhD	\$100-150K
Government or Non-Profit	Public Policy Advisor	After completing PhD	\$50-90K
Government or Non-Profit	Grant Administration	After completing PhD	\$60-70K
For Profit	Science, medical or technical writer	After completing PhD	\$70-100K

**Information compiled from www.phdcareerguide.com*

15-year window does not tell the complete story of how alum careers change over time

So we segmented each tier into three blocks of 5-years each

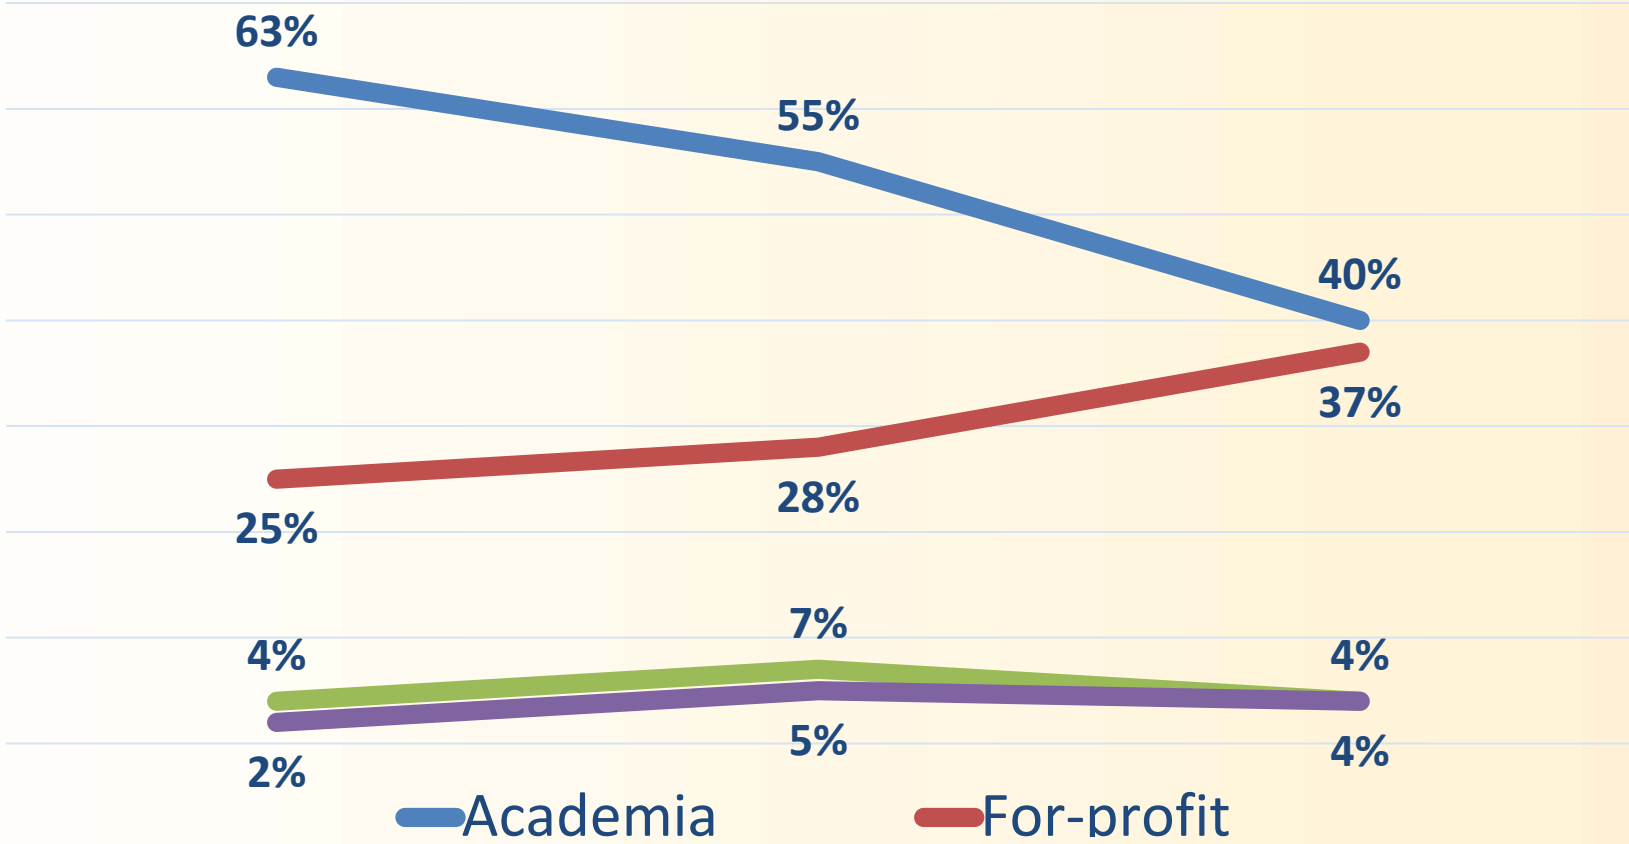

Block 1: **0-5** years following PhD graduation

Block 2: **6-10** years following PhD graduation

Block 3: **11-15** years following PhD graduation

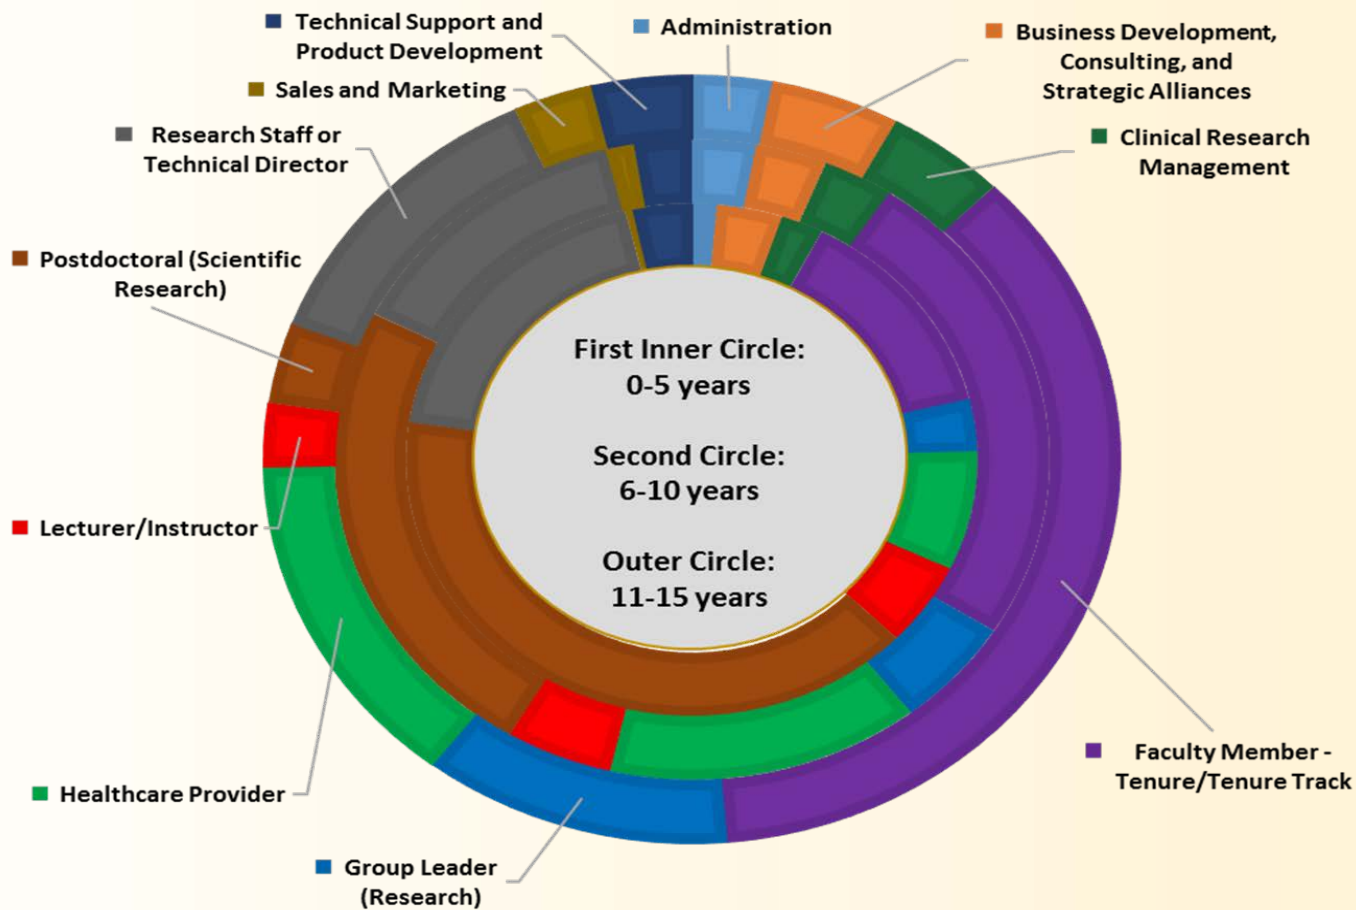

Biomedical PhD Career Outcomes – Shift in Tier 1 Employment Sector over 15 years

Biomedical PhD Career Outcomes – Shift in Tier 2 Career Type over 15 years

Biomedical PhD Career Outcomes – Shift in Tier 3 Job Function over 15 years

Our alumni are pursuing careers in

- Academic Research-1 institutions
- Academic Primarily Teaching institutions
- For Profit (industry, Biotech, Big Pharma)
- Government/Regulatory Affairs

And they are changing career trajectories and sectors that require “transferrable skills” and competencies

We must provide our students with the opportunity to explore careers in these sectors

So, how should we prepare our students for careers that are not just in academia?

BEST Career Exploration Program

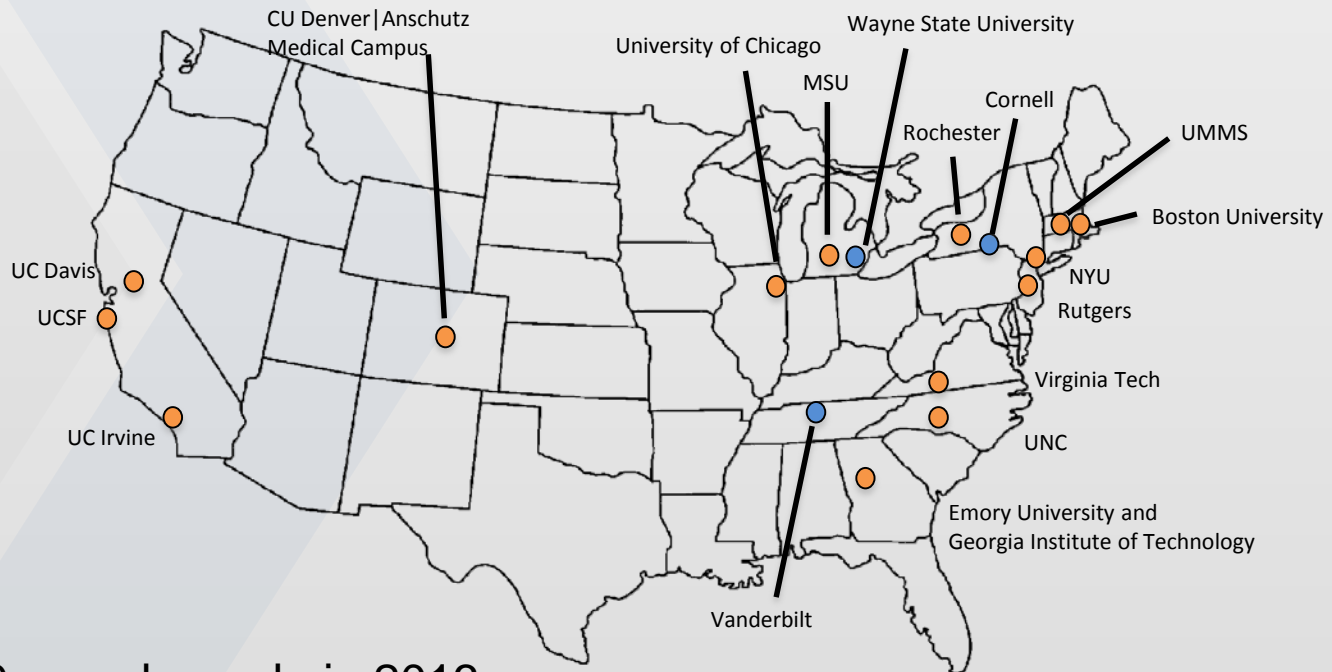

Preparation for Careers at WSU

- NIH BEST grant
- Graduate and Postdoctoral Professional Development Seminars
- Competency-based Micro-credentialing

17 Institutions awarded NIH BEST Grants

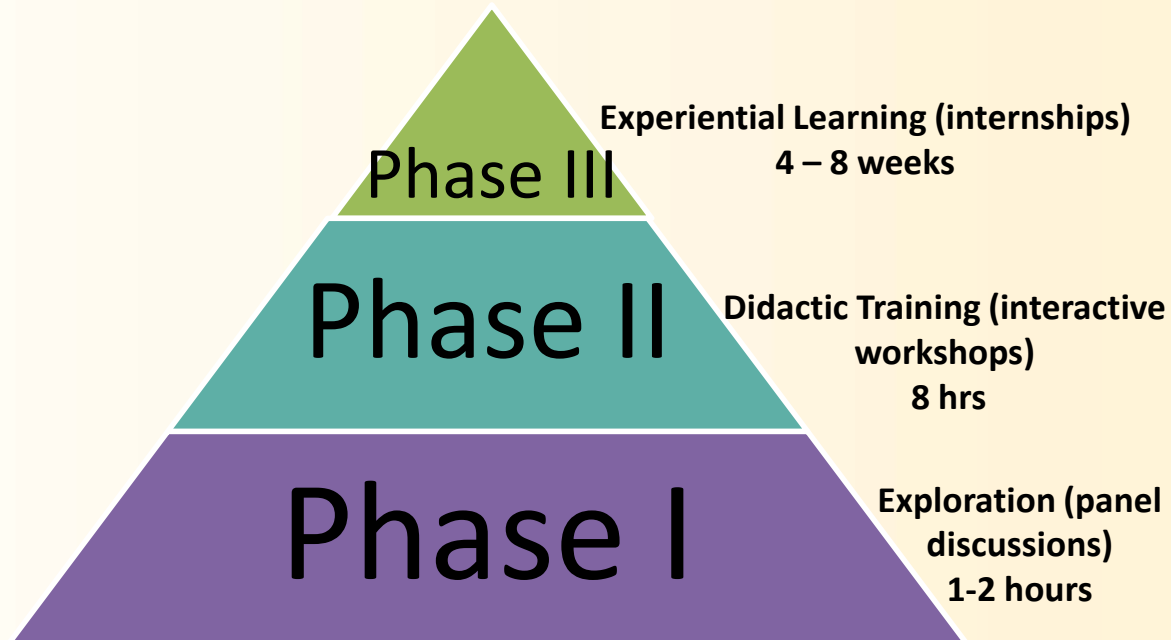

BEST: Broadening Experiences in Scientific Training.

10 awards made in 2013

7 more in 2014

WSU Structured Approach to Career Development

Our students are changing career trajectories and sectors

Therefore, they require competency-based training in “transferrable skills” that transcend career sectors

**Graduate and Postdoctoral Professional
Development Series**

Competencies that align with the WSU mission and meet national needs

- Career Development
- Communication (Written, Verbal, Visual)
- Ethics (Responsible Conduct of Research)
- Teamwork and Collaboration
- Leadership and Professionalism

How do students demonstrate mastery of these skills to potential employers?

WSU's Micro-Credentialing Program

A micro-credential, also called a digital badge, is a tool for showcasing the skills and experience that may not be readily apparent by reading an academic transcript, resume or CV

Graduate & Postdoctoral Professional Development Series

- Career Exploration
- Abstract Writing
- Poster Preparation
- 3-Minute Thesis
- Visual Communication
- CV and Resume Preparation
- Job Search Using LinkedIn
- Networking for Graduate Students
- Cover Letter
- Elevator Pitch
- Interviewing Skills
- Negotiating for Jobs
- Multiple Role Management
- Responsible Conduct of Research
